AMAWATERWAYS™
LEADING THE WAY IN RIVER CRUISING

Vietnam & Cambodia
Requirements for Visas and Passports

Thank you for choosing AmaWaterways! A once-in-a-lifetime journey aboard the beautiful AmaDara in Vietnam and Cambodia is closely approaching. We kindly ask all traveling guests to carefully read the following information to ensure their reservation has been finalized accordingly.

1) PASSPORT VALIDITY AND ACCURACY OF PASSPORT NAMES MUST BE CONFIRMED AT TIME OF PAYMENT

All bookings must have the correct name(s) exactly as it appears on the passport. This will ensure Intra-Asia Air is ticketed and issued correctly. It also avoids any airline imposed change fees for you should the name on the air tickets not match your FULL name shown on your passport. Travelers that obtain their visas for Vietnam and Cambodia prior to departing from home must ensure their passports have at least FOUR empty visa pages and are valid for at least SIX months from the date they return home.

2) VISA FOR VIETNAM AND CAMBODIA

Travelers need separate visas to enter both Vietnam and Cambodia.

- **Guests with a 16 day "Cruise & Land Itinerary":**
  These guests must obtain a multiple entry visa for Vietnam (as there are two different points of entry into the country) and a single-entry visa for Cambodia.
- **Guests with a "Cruise Only Itinerary" or any other cruise & land combination:**
  These guests are required to obtain a single-entry visa for both countries.

Visas for Vietnam and Cambodia should be obtained from the Vietnamese and Cambodian Consulates located in the travelers' home country prior to departure.

While the Cambodian government does offer travelers the opportunity to purchase visas at reduced fees upon arrival at international airports or on board the AmaDara, you would need to bring an extra passport photo and adequate cash in US Dollars. *This option can be terminated by local authorities at any time without prior notice and AmaWaterways cannot be held responsible for the expense and subsequent issues guests would face should this event occur.*

For cruise direction from Cambodia to Vietnam
The visa for Cambodia can be obtained at the Siem Reap or Phnom Penh International airports.

For cruise direction from Vietnam to Cambodia
The visa for Cambodia can be obtained on board the AmaDara, before the river cruise ship enters Cambodia. For this option, local authorities require that your passport have at least **FIVE** empty visa pages and be valid for at least **SEVEN** months from the date you return home.

Cambodia: e-Visas are NOT accepted for visitors entering from Vietnam by river cruise ship.
Vietnam: e-Visas are NOT accepted for visitors entering and exiting Vietnam by river cruise ship.

AGAIN, WE STRONGLY ADVISE GUESTS TO OBTAIN ALL VISAS PRIOR TO THE TRIP TO ENSURE THAT NO ISSUES ARISE.
